GA8

What contributes to an era?

It is the courage after suffering difficulties
It is a new challenge after achieving success

Vision and persistence determine the height one reaches in life
Decisions and dreams contribute to the achievements of an era

Forge ahead with a calm heart
Make progress by serving as a leader

Reach the peak through an original intention
Shine in the global market with unique style

GA8 Luxury Business Saloon
A salute to an era-defining spirit of leadership

Most People Follow Trends Only Some People Set Them

With vision, they have insight into the present and can grasp opportunities as they develop;
With taste, they build standards in their professional field;
With their judgement, they understand the world deeply and have the courage and insight to open up new avenues;
With executive force, they forge ahead and drive the development of the era with skill and pragmatism.

[Amazing Vision] [Distinguished Taste] [Remarkable Judgement] [Powerful Actions]

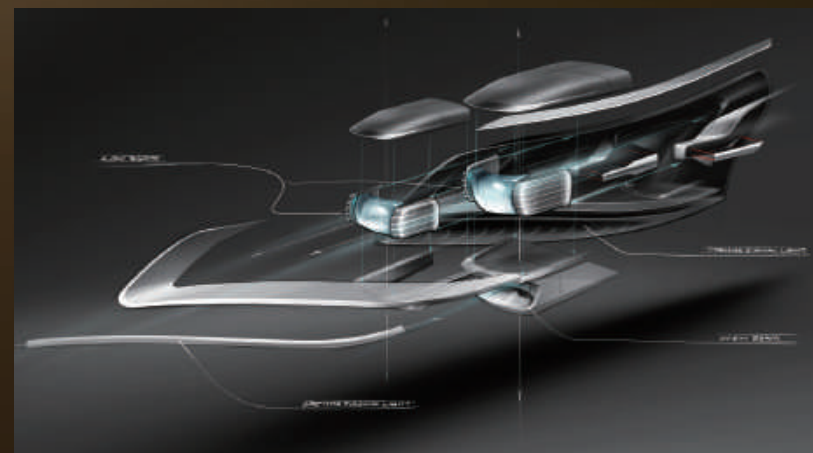

Vision Helps You See Further and Go Farther

Intelligent and advanced systems provide you with amazing vision.

[Amazing Vision]

Where Others Hesitate, You Have Already Seen the Panoramic View

Intelligent lighting system.

Embedded LED Headlamps

The LED headlamps' innovative structure is inspired by a diamond ring. 13 LEDs steering lamps and daytime running light ensure the vehicle always shines.

[Amazing Vision]

Intelligence around, Safety guaranteed, Drive ahead!

Intelligent driving assistance system.

360° Panoramic Parking Image System

All-directional panoramic image system means you have no blind spots.

Overtaking Auxiliary System

The central control screen will display real-time images of blind spots on rear side at lane changing and overtaking during high-speed travel, to ensure safe driving.

10.1-inch 3D Navigation System

GPS provides stable and reliable positioning.

Adaptive Cruise Control (ACC)

ACC system can intelligently control cruising speed and maintain a safe distance between vehicles at all times.

Lane Departure Warning (LDW)

When the car reaches a certain speed, the LDW system is automatically activated to detect if the car deviates from the main traffic lane, giving ongoing voice and image warnings.

Autonomous Emergency Braking (AEB)

AEB system employs multi-level braking strategies to effectively reduce discomfort during braking.

Forward Collision Warning (FCW)

When the speed exceeds 30km/h, the FCW system will be activated and gives intelligent warnings according to different level of danger.

**Persistence, High Standards
and Transcendence**

Perfect design manifests your unique taste.

[Distinguished Taste]

Feel the Stunning Power at a Glance

Flawless design with natural character.

Five-Spoke Flying Dynamics Family Front Face

An innovative adoption of European aesthetics restructure Chinese elements using micrometer-level carving to make the five-winged grille a model of aesthetic brilliance.

Light-Shadow Sculpture 2.0 Design Aesthetics

Inner strength and tension are combined in a perfect way through sharp, stretched body contours, designed based on light and sculpture 2.0 modelling aesthetics which incorporate a balanced tail design.

G-shaped Metal Logo Trimming

Striking G-shaped metal logos on both sides of the vehicle demonstrate the extraordinary characteristics of motion and stillness.

G-shaped LED Combination Tail Lamp

LED combination tail lamp integrates G-shaped logo design which demonstrates the confidence and power of the Chinese brand.

18-inch Double-Ten-Spoke Aluminum Alloy Wheel

The 18-inch alloy wheels and rigid contoured structure define the dynamic.

[Distinguished Taste]

Originality Showed in Every Detail

Seeking perfection through quality craftsmanship.

Three-Section Butterfly-Style Headrest

Innovative three-section butterfly-style headrest design is a model of ergonomic skill, comfortably wrap the head and effectively reducing fatigue.

NAPPA Leather

Select NAPPA leather made from the finest raw materials combined with exclusive diamond-shape quilted technology to demonstrate grace, refinement, glamour, and luxury.

Leather Door Trim

Aesthetic elements are perfectly combined in such details as fashionable diamond patterning and innovative design on door trim, cut, angles, and style.

Rosewood Embedded with Chrome-Plated Trimming

Chrome-plated trimming with exquisite rosewood creates the natural aroma of a stream running through the forest and reveals the steady and elegant features of the interior.

More Than a Car, a Strategic Choice

A refined and exclusive space helps you make wise decisions.

[Remarkable Judgement]

Forge Ahead to Reach New Peaks in Life

Spacious and comfortable executive cabin.

Multi-Functional Temperature-Controlled Lounge

The temperature-controlled luxurious comfortable back seats are equipped with independent electric control systems, intelligent massagers, ventilation and heating devices and waist fatigue reliever.

Independent Back Seats

Large back seat space and sponge cushion with 200mm thick inner core provide you with unparalleled comfortability.

10-Way Electric Adjustable Driver's Seat with Memory Functions

Multi-functional seat with one-button intelligent memory system ensures you a comfortable travel.

[Remarkable Judgement]

Bold Pattern Highlights the Temperament of a Leader

Luxurious and ample space.

All-round Quiet Interior Space

Advanced double-layer chassis armor equipped with imported soundproof cotton reduces engine idling noise to 35.6dB.

Low In-car VOC

Join hands with the world's top ten suppliers and select high-quality eco-friendly materials with low VOC to create green and natural driving experiences.

Electric Curtain on Rear Window and Rear Windshield

One-touch-control curtain can block sunlight and ultraviolet light to maintain optimal in-car temperature.

Private Refrigerator

With its highly efficient independent compressor, this beautiful and practical car refrigerator located in the rear central armrest can achieve rapid cooling of 1°C/min.

Ready to Embark on a Long Journey

Intelligent dynamic control system.

[Powerful Actions]

Lead Trends and Take Action Before Others

One of the world's most advanced efficient power systems.

TiPOWER is GAC MOTOR's brand new second generation of advanced international-standard power assembly developed by GAC MOTOR's global R&D network. It comes after years of painstaking efforts based on global intelligence and the application of up to 50 "first-ever" technologies. It will be mounted on all new models.

■ Strong Power ■ Low Petrol Consumption ■ High Quality ■ Safety First

Brand New Second Generation 320T Engine

The 320T engine generates a peak torque of 300Nm between 1600 and 4500 RPM, and it can out-perform a 3.0L naturally aspirated engine.

Advanced 6-Speed Automatic Transmission (AT)

International advanced Aisin 6-speed AT achieves extremely smooth gear shifting, creating a perfect power assembly system.

Manifest True Quality Between Motion and Stillness

International Advanced High-end Platform

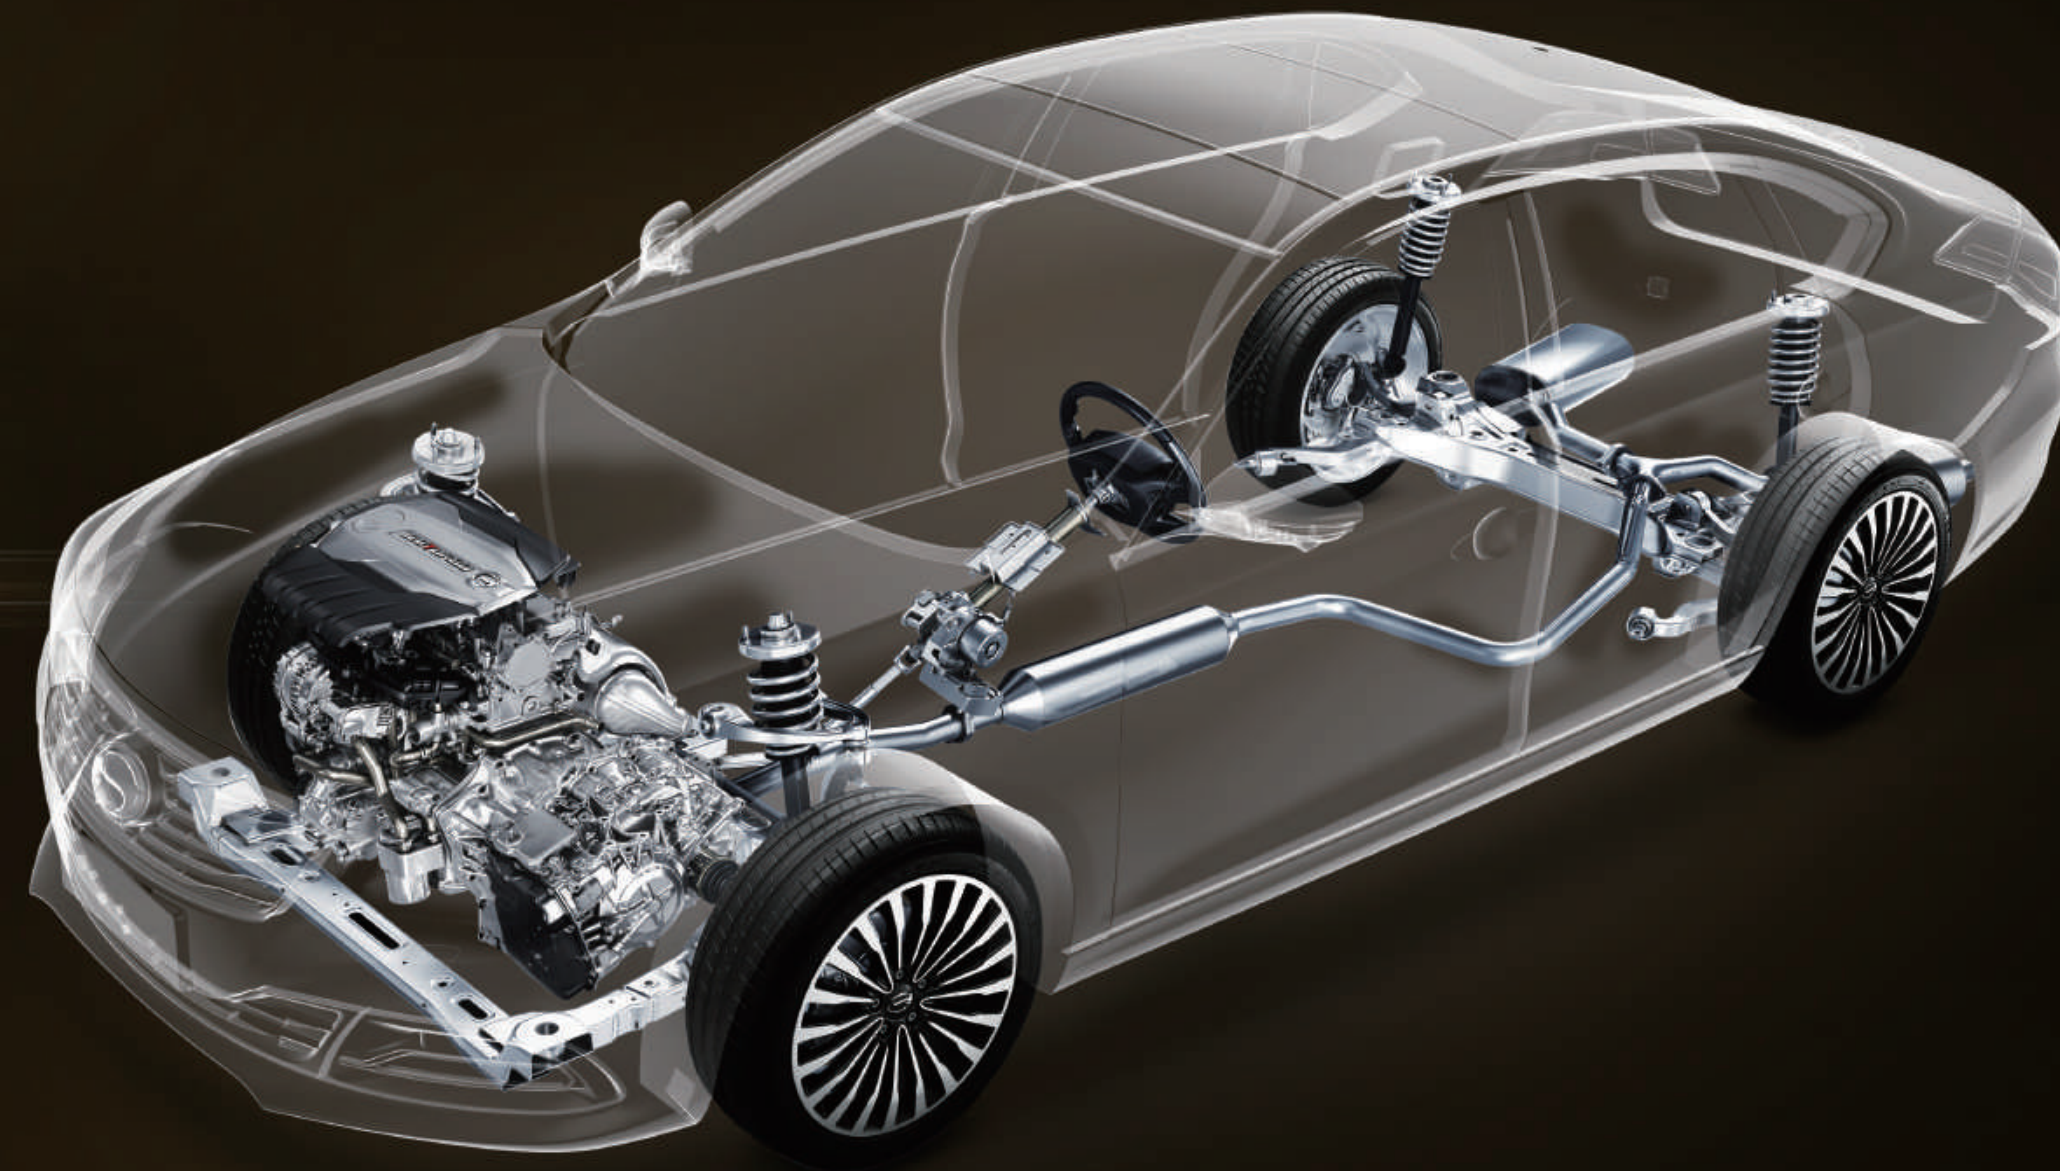

Based on cross-platform modular architecture (CPMA), GAC Group has diversified its models and shortened the product family's development and launch periods. This has been achieved by means of forward development of complete vehicles, various systems, functional modules as well as key and generic technologies, in a bid to become one of internationally competitive brands.

Aluminum Alloy Independent Four-Wheel Suspension

Independent four-wheel suspension system, which offers sensitive steering and precise localization and can effectively isolate vibrations from the road.

Flexible Chassis Platform Technology

The world's top tuned chassis, with chassis platform technology rivaling top luxury cars and flexible extended technology bring a first-class personal driving experience.

GAC MOTOR Keeps Pace with the Leader of the Era

New driving experience for achievers who expect the highest service standards.
