Set out courageously
Speed away from the dull and tedious
Keep an open mind
Immerse yourself in this urban life
Surprises are contained in the unknown
Curiosity is the key to find them
From this very moment
Set free and start exploring
Expand your horizon

Discover the new world

SPRING MODE

Fashionable and sporty design

Introducing an exhilarating concept

Feel the power at a glance. A dynamic and elegant vehicle built to make every appearance capturing.

► Light and shadow sculpting 2.0 design aesthetic

Sculpted with lines and shapes, the fashionable and sporty SUV integrates athletic momentum with modern aesthetic, showcasing an elegant posture brought alive by its boundless ambition.

EXTERIOR DESIGN

The elegant exterior makes it the show-stealer wherever it goes
Fashionable and sporty design

► Muscular D-pillar and quarter glass design

Its uniqueness is highlighted in every detail. The D-pillar quarter glass window lies at the extension line of the waist line. The dynamic lines bring alive a structured side profile, perfectly showcasing its design aesthetics.

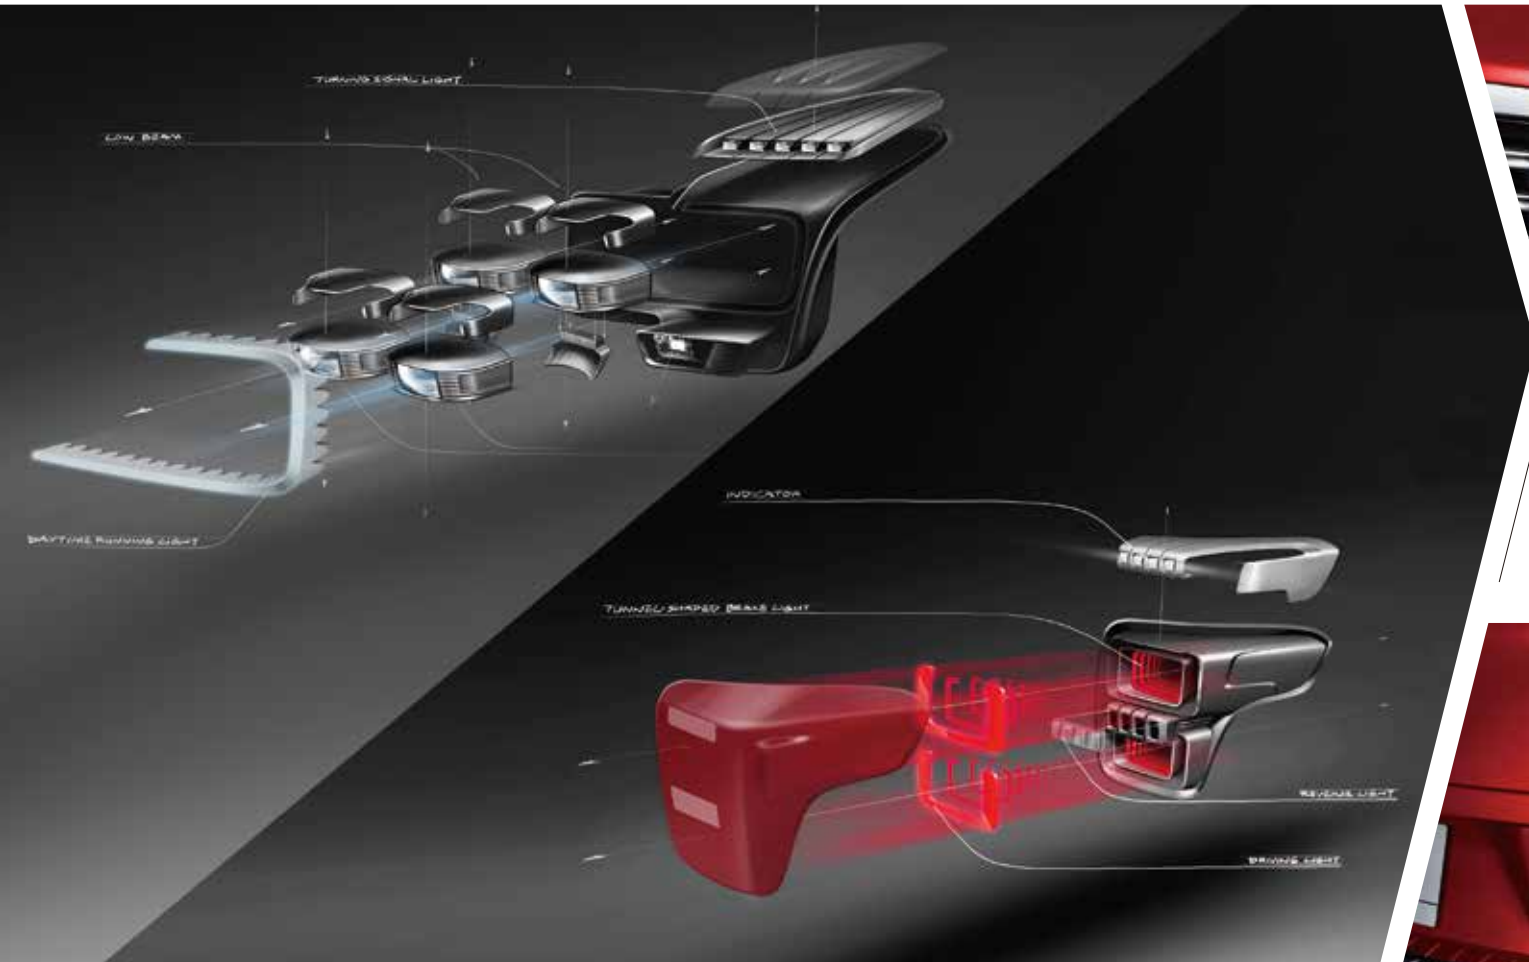

► Flying Dynamics front grille

Capturing at the first sight, the robust horizontal lines and dark/light color chrome-plated grille ingeniously fuse power and beauty. The Flying Dynamics grille underscoring stereoscopic mechanic aesthetics is both powerful and futuristic.

EXTERIOR DESIGN

Unique and eye-catching
A fashionable sporty style

Matrix crystal lens full-LED headlight

Every moment in your journey will be ignited. Inspired by resplendent diamonds, the new generation LED headlight is composed of four bright crystal LEDs, making every appearance unforgettable.

Dual U-style tunnel LED taillights

The dual U-style LED taillights with tunnel-like gradient structure look powerful and exquisite in every detail.

19-inch 5-spoke dual-color wheels hub

The 19-inch wheel hub features unique 5-spoke dual-color cutting design with elegant and smart touches, which well matched with the fashionable body, creating an impressive side profile.

Sculptural waistline that leaps up towards the back

Making every movement brilliant, the dynamic waistline is an expression of youthful energy and confidence. Every journey is an extraordinary experience.

INTERIOR DESIGN

Built to be enjoyable, designed to be elegant
Modern and sporty interior

► Luxuriously integrated floating center console

Meticulously crafted, the exquisite multi-level structure creates a fashionable and futuristic interior, bringing a luxury yacht style quality space.

► Ultrasuede™ door veneer trimming

The ultra-suede door veneer trimming marries organic elements with modern design, making its classic style a show-stealer.

► Carbon-fiber trimming

The fashionable carbon-fiber trimming board enhances the sporty interior, bringing a touch of luxury in every detail.

► Sporty T-type console

The ingenious T-type chrome-plated shifter, together with the piano varnish and leather console, ensures a passionate and engaging driving experience.

360° all-around floating luxury cabin

A white GAC GS7 SUV is shown from a front-three-quarter view, driving on a road at night. The background features a city skyline with illuminated skyscrapers, including the Shanghai Tower. Light trails from other vehicles are visible on the road, suggesting motion. The car has a 'GS7' badge on the front bumper.

SUMMER SPACE

Spacious and luxurious 5 seaters

Awaken and set free

Drive with the pursuit of freedom. A generous space designed ensure maximum comfort. Exquisitely crafted to allow more freedom while traveling, unleashing limitless imagination of the unexplored.

COMFORTABLE SPACE

Larger space, more fun

An experience-centered interior made for your comfort

► Spacious and luxurious 5 seaters

Enjoy an unparalleled interior space with impressive space of seat and leg room. The panoramic sunroof allows sufficient daylight, while an open space provides more comfort for every passenger, making long journeys more enjoyable.

► 1910mm horizontal layout

The spacious horizontal room is able to fit one adult and two child safety seats, providing considerable space and a relaxing experience.

► 980mm generous rear row leg room

The second row is able to provide over 20cm of extra leg room even when seating a passenger 1.8m tall.

► Flexible space for your comfort

▶ 1.35m large panoramic sunroof

Go beyond the road ahead. The class leading panoramic sunroof comes from world leading brand Aisin. With the anti-pinch function, it can be opened at one button. Sufficient daylight brought into the rear row delivers maximum comfort for every passenger.

COMFORTABLE SPACE

A tranquil interior
Ultimate comfort

▶ Luxurious 360NVH noise-free cabin

Leave behind the noisy. The 36db tranquility at idle and zero sense of vibration (seat/steering vibration at idle) serving you to enjoy the ultimate comfort and drive with ease in a luxurious vehicle NVH.

▶ 822L-1700L super-size trunk

The class leading 822L trunk can contain luggage and objects of various sizes. You can fold the rear seats down to double storage space. Storage boxes are designed under the mat to store smaller size objects. A flexible room meets your needs on the way.

Multi-mode smart seating

More choices for more enjoyment. GS7 offers 10-way electric adjustable driver's seat and 4-way electric adjustable front passenger seat, together with the class leading easy entry function, ensuring extraordinary experience of comfort.

AUTUMN ENTERTAINMENT

Interconnected technologies for entertainment

The intelligently connected 3-screen system allows convenient interaction with the outside world.

FUNTECH

► **7-inch full-color LCD instrument panel from Germany Continental**

The wide console screen can provide navigation, entertainment and vehicle information at all time, helping you to focus on driving and reduce attention deviation from the road ahead.

► **Harman 10-inch full-color LCD wide center console screen**

The five-point touch screen features high definition, high contrast ratio and high color saturation visuals, in addition to a large viewing angle of up to 178°. It integrates multiple functions including multi-media.

A futuristic minimalist **SMART** CONNECTION

► **Wireless smartphone charging**

Charging cables are no longer needed. Near-field induction technology is integrated to allow convenient phone charging through wireless connection support.

WINTER PASSION

Drive with T-power

Explore passionately

Be courageous to explore no matter where you go. Take on all challenges confidently with GS7, the perfect companion for an adventure seeker.

► GAC second generation 320T/280T engine

Drive passionately with power. GAC second generation 320T/280T engine is equipped with the European mainstream low-inertia turbo technology. Supported by world-class technologies, it is able to output the torque of 320/280Nm at 1,750rpm, outperforming other models of the same class.

BorgWarner low-inertia turbocharger

With instant response and quick acceleration, BorgWarner low-inertia turbocharger is able to substantially reduce turbo inertia, optimizing power output comparing to that of a traditional turbocharger.

Gasoline Combustion Control System (GCCS)

The GCCS technology ensures sufficient, stable combustion to improve power and effectively reduce emission and noise.

Engineered by top suppliers

All vital components of GS7 come from top 10 auto suppliers in the world. Benefiting from its high standards, GAC was ranked No. 1 in vehicle quality by J.D.POWER for the fourth consecutive year.

POWERFUL ENGINE

Strong power, low petrol consumption High efficiency powertrain

► The third generation Aisin 6-speed automatic transmission

The third generation Aisin 6-speed automatic transmission

Offering five driving modes (ECO/NORMAL/SPORT/WINTER/MANUAL), the world-renown transmission technology ensures a balance between strong power and low petrol consumption.

Lock up for boosted transmission efficiency

The locking control is activated from Gear 2 to significantly improve transmission efficiency and fuel conservation.

DRIVING PERFORMANCE

Ultimate confidence behind the wheel

The only all-terrain response + 6 driving modes drive among same class models

► Professional all-terrain response + 6 driving modes

The exclusive 6-mode (sand/mud/snow/intelligent/sports/Eco) drive can be switched seamlessly to easily adapt to different road conditions.

► BorgWarner i-4WD, second generation smart four-wheel drive

BorgWarner electric multi-disc clutch-style four-wheel drive torque manager is able to distribute the torque to the rear axle within 0.2s. It is able to collaborate with the ESP, ABS and TCS to achieve 50:50 torque distributions between the front and rear axles, ensuring the ability to easily overcome various complicated road conditions.

► Multi-link independent back suspension

Inheriting GAC's excellent chassis design, the front McPherson independent suspension and rear multi-link independent suspension, together with the chassis cabin, strike a perfect balance between steady control and comfort.

► Eight airbags to protect passengers from all sides

The vehicle is equipped with 8 safety air bags to provide comprehensive protection, including the class leading front row double knee air bags, full-dimension driver seat and front passenger seat air bags, front seat side air bags, and front + rear integrated large head air curtain.

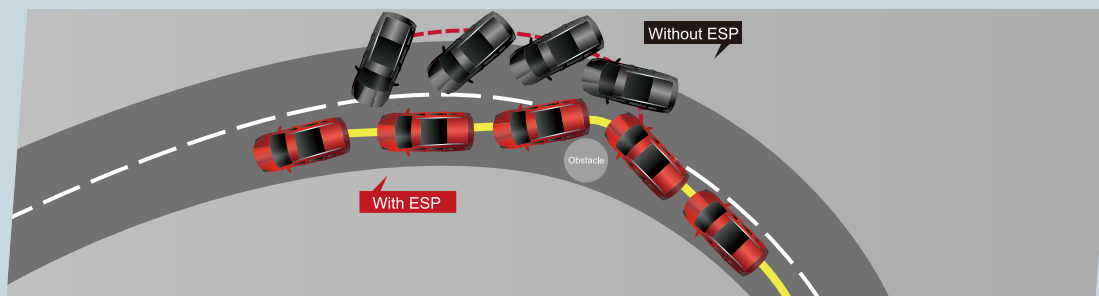

► 360° panoramic parking + lane changing assistance

► 360° panoramic parking

Your surrounding environment will be captured by four cameras and displayed on the center console screen in the form of 360° bird's eye view to visualize the reversing process.

► Unique visualized lane changing assistance

When the speed exceeds 30km/h and the turn signal lamp is on, a real-time image of the side/rear blind zone of the vehicle will be displayed on the center console screen to provide lane changing assistance.

► Bosch's 9th generation ESP

The standardized ESP safety system integrates 14 active safety features, including the hill-start hold control (HHC) and hill decent control (HDC) to calculate and monitor the vehicle status in real time, providing a convenient operation experience

Leave behind your safety concerns **SAFETY** International standard safety equipment **EQUIPMENT**

► GAC 2.0 high-strength steel body

GS7 enhances the utilization rate of high strength steel to a degree far exceeds industry standard, meeting the most stringent of North American standards. Minimal shape alteration under pressure ensures the safety of passengers on board.
